

NUS High's
virtual CCA fair
2022

brought to you by
NUSH Journalism Club

foreword

New year, new variant. There isn't much to say.

The NUSH CCA Fair is an annual tradition that typically involves big crowds, raucous laughter and a mass dance. But now that it has turned into a virtual (af)fair, we hope this E-brochure, which acts as an information portal and gateway with its social media and video links, is still able to relay the vibrancy and opportunities offered by our plethora of CCA.

As you scroll through this E-brochure, a word of advice between us and you? Follow your dreams. Do something cool. Remember to make informed choices but don't be afraid to try out something new. Commitment levels vary between CCA groups and ultimately it's up to you how much you want them to be a part of your life; whether you hope to train twice a week, participate in competitions, or just learn a new skill.

The CCA groups await you in clusters and constellations with twinkling invitations, and one may glow brighter than the rest – so choose wisely and bravely, and you will find a new home to belong to! We hope it warms and fuels you, through silent and lonely academic odysseys.

Good luck, happy selection and ready yourself for take-off!

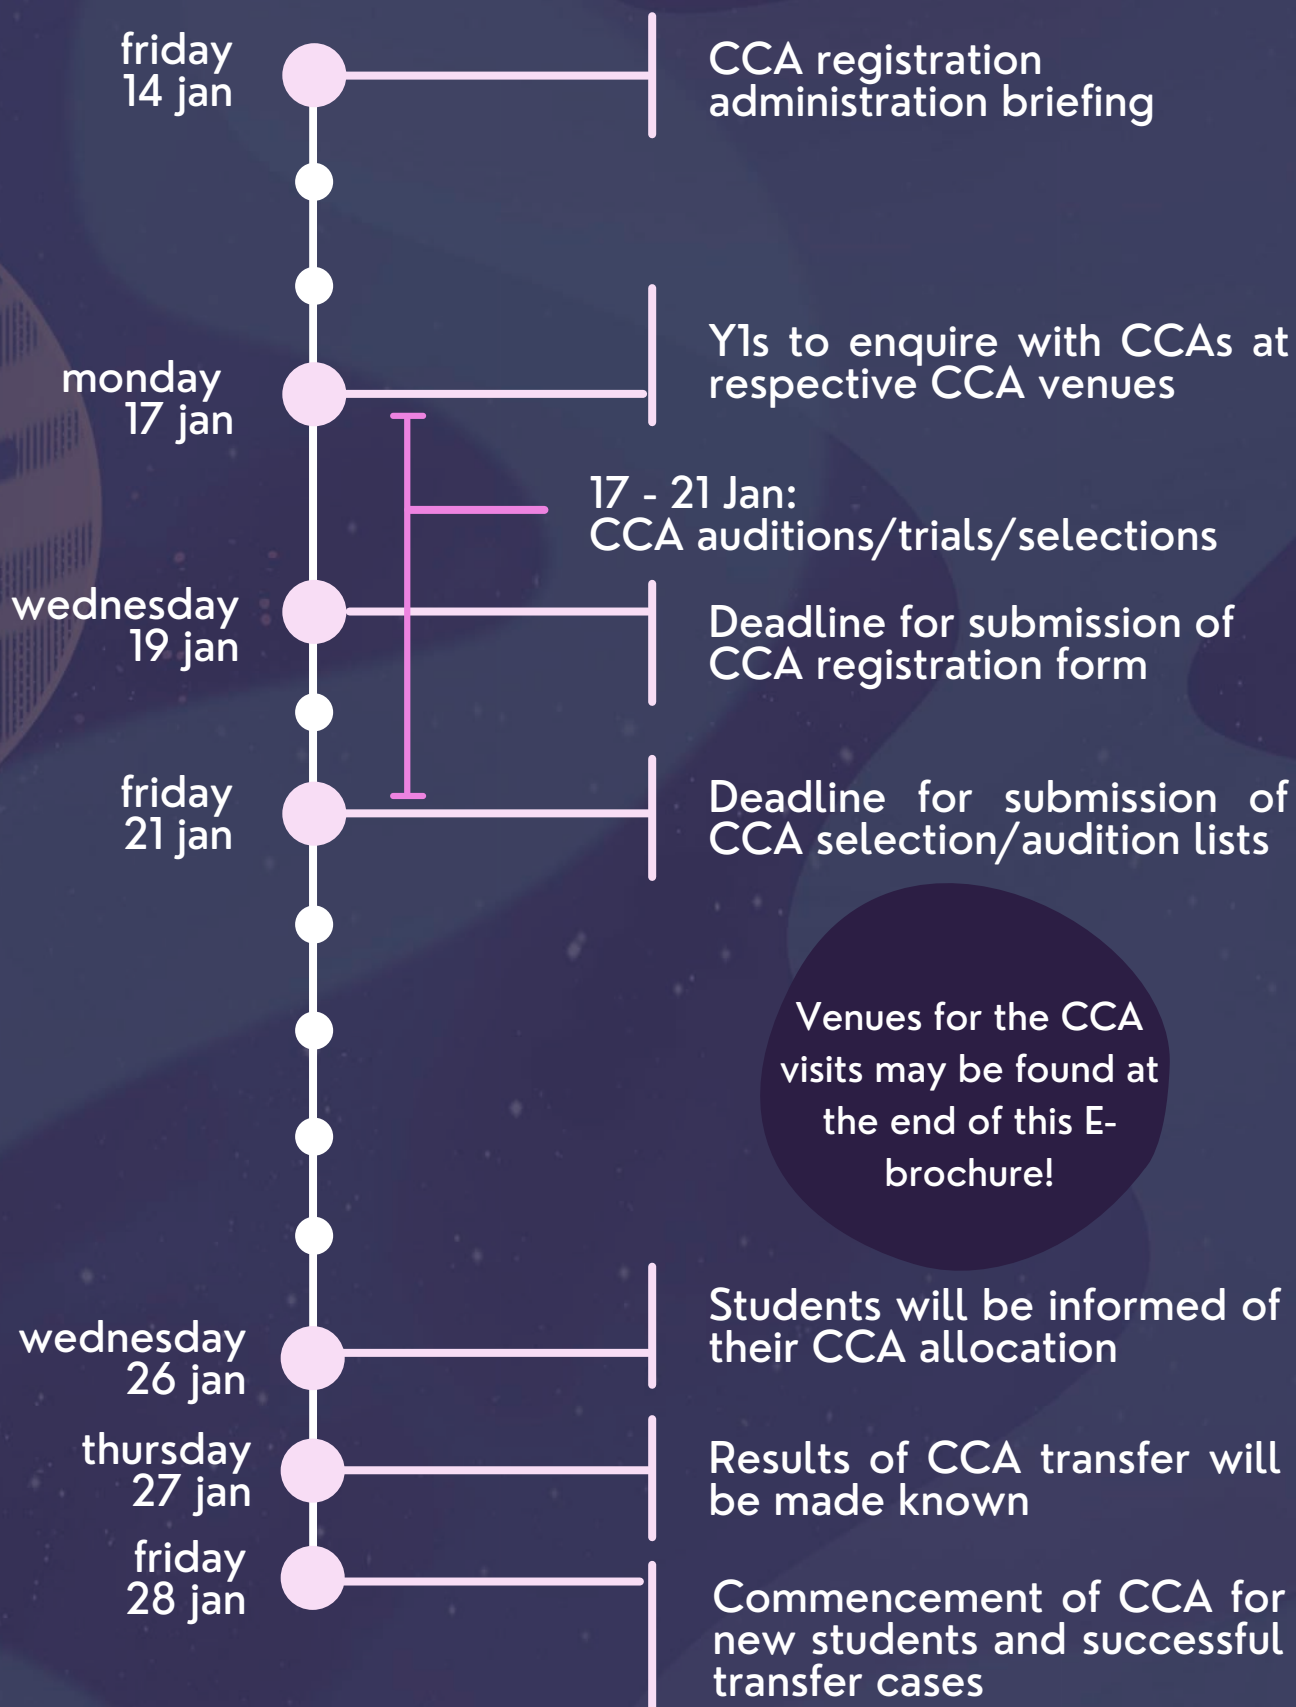

With love,
NUSH Journalism Club
(on behalf of all CCA groups!)

sports

While the cosmos coursing by may captivate you, you know you've got to focus: you're playing a game, here, and you fully intend to win it. A harsh beep precedes your rocket's deceleration, another your steady landing, and one more as the ship's doors part to admit a gust of warm wind. Perspiration beads your forehead as heat radiates from the warm crimson topsoil, harsh climate asserting itself through your mounting fatigue — yet a blooming satisfaction and triumph reveals that this just might be where you belong.

table tennis

"ping pong ping ping pong"

Do you enjoy action-packed games? Do you find yourself mesmerised by the lightning-fast smashes and deadly slices from Table Tennis pros like Xu Xin and Ma Long? We believe teamwork makes the dream work. Join us now! We will guide you, one point at a time.

Come for our CCA trials on 17th and 21st January!

uniformed groups

Emboldened by your previous discovery, you soar through the emptiness, full speed ahead. Another planet, another descent, and soon your ship lands on marble, stark and pristine. As you step out, you soon see why — hear why, really, if the rhythmic footsteps are to be believed. A cursory glance reveals the fleet of gleaming, polished silver robots, which execute flawless manoeuvres on their march towards distant skyscrapers. Your inner commando bids you to advance.

st. john brigade

"Pro Fide, Pro Utilitate Hominum."

Although St John Brigade (SJB) has made its mark for over 900 years, our core tenets have never changed. We provide cadets with an enriching gamut of courses that nurture them into reliable First Aiders and engage in meaningful VIA projects to give back to the community.

Why join us?

- Learn first aid and home nursing.
- Cultivate discipline through footdrills.
- Grow through leadership and life-saving courses.
- Enjoy many opportunities for public duties.
- Learn new skills through the Cadet Proficiency Badge Scheme.

scouts

"Life without adventure would be deadly dull."

Scouting is a worldwide movement that aims to contribute to the development of youth in achieving their full potential holistically, so that they become responsible citizens and members of their local, national and international communities. Although Scouting has been around for over a hundred years in Singapore, we are still at the forefront of developing scouts into constructive members of society.

Why join us?

- Learn practical life skills such as first aid, pioneering and camping.
- Gain leadership abilities when planning for various activities.
- Participate in different camps/jamborees and meet other scouts from Singapore and around the world.

national cadet corps

"Train to Push, Push to Lead, Lead to Serve."

NCC is a well-established uniform group that builds up cadets mentally and physically through military-related activities to produce world-class youth leaders who are ready to face challenges in the future.

Why join us?

- Team bonding games.
- Urban operations (clearing terrorists!).
- 3D2N annual school camp.
- PDS (rifle twirling).
- Amoy Queen campus camps (rappelling, high elements, paintball, archery).
- Physical training.
- Drill training.
- SAR 21 rifle live firing.

performing arts

Buoyed by your enthusiasm, you activate your boosters and chart a course for your next destination. This time, through the thick glass window, lush fields of green beckon you. Damp soil gives beneath your foot, loosing sweet floral scents and a hundred songbirds' symphonies. Small creatures flit and dance and flutter, displaced by the breeze and settling into formation through some ethereal ceremony. It all calls to you, you muse, and you don't speak its language — perhaps you can learn it.

choir

"Four Parts, One Voice, One Choir"

Are YOU interested in music and singing? Do YOU want to be part of a wholesome, supportive and caring community? The NUS High School Choir is a passionate and friendly group hoping to spread the joy of singing. Regardless of your music background, our choir welcomes you to learn and grow as a singer. We also have fun bonding and serve the community! Joining our choir will definitely be one of the best decisions you'll make here in NUSH! Do listen to our productions: Hark All Ye Lovely Saints (a Renaissance Madrigal, our SYF 2021 piece) and Do You Hear The People Sing (finale of Les Misérables, that envisions a future of hope, joy and unity). They're in the link above!!

Why join us?

- Fun CCA sessions every Monday and Friday at Seminar Room 2B (Level 6, near the tennis courts)!
- Perform together (Year 1-6) all year round, in various school and external events!
- Win Distinctions at SYF! (2017, 2019, 2021 and next one in 2023)
- Be part of a warm and supportive family :)

clubs and societies

One last stop. The rocket's careful deceleration guides its landing once more, and all too soon you're at your final destination, the largest planet yet — a citadel of looming towers and rising spires, concealing amidst them labyrinthine corridors and snaking passages, all glinting coldly in a silver sky. Constructions each dedicated to singular purpose, from watchtower to hangar to observatory to courthouse, shaping a skyline whose strange curves afford it a certain beautiful intensity.

astronomy

"Eat. Sleep. Astronomy."

The astronomy club presents a good opportunity for those who are interested in observing the night skies and learning more about the cosmos.

Why join us?

- Exciting weekly practical sessions to gaze at the sky through high power scopes!
- Lessons for aspiring astronomers and physicists by enthusiastic seniors.
- Lots of opportunities to represent the school in Astro competition.

debate

Why join us?

- Learn about pertinent world issues.
- Hone your debating skills.
- Participate in debating competitions.
- Improve your speaking skills, vocabulary and current affairs knowledge through both virtual and on-site activities.
- Give back to society by providing free public speaking workshops.

"Defend the truth well. Every word counts."

At the Debate Club, we believe in the power of using words to motivate, persuade and entertain the audience. We hone our skills to allow our members to articulate their opinions and engage in discourse on major issues around the globe.

robotics

"All Geared Up!"

The Robotics club aims to nurture our members' skills in construction and programming through engaging missions and training sessions. Our members are given a wide array of platforms such as Lego, Vex and Arduino. We hold our CCA sessions in the 101-104 classrooms!

Signups for selection trials (first link)

media

"3 sectors. 2 perspectives. 1 CCA."

"Your Event, Our Passion, Every Detail Matters."

Photo. Video. AV. These three combined unite us as one CCA - Media. We capture life, create art, preserve memories.

Why join us?

- AV: Expect to work with professional-grade event equipment which most people would never even have seen before.
- Videography: You can explore and gain valuable skills in the production of videos from start to finish, giving you a good glimpse into the film industry.
- Photography: You can develop a passion for the art of photography ranging from photo taking to photo editing.

youth flying club

"Fly with precision,
Glide with accuracy."

We are a group of passionate students interested in all things related to flight! Members get to explore their interest in flying, ranging from building hand-thrown gliders, to remote-controlled planes or quadcopters (drones)! Members will also be taught basic aerodynamic concepts to broaden their horizon into the world of flight!

Why join us?

- Joyrides in the RSAF's C-130 and Chinook, as well as SYFC's DA-40.
- Entitled to special courses held by SYFC.
- Compete in an annual flying competition.
- Design, build and fly your own flying machines.
- Have fun!

chess

The Chess Club consists of 3 sections: International Chess, Chinese Chess and Weiqi. Each session comprises a lesson with our coaches and free play. During lessons, our professional coaches teach us new concepts to sharpen our gameplay. After that, we have fun sparring against and learning from one another.

"When you find a good move,
look for a better one"

Why join us?

- Meet others passionate about chess
- Training by professional coaches
- Various competitions available for all members
- Many medals to be won!
